

## ***Student Research Presentations***

In addition to the first year requirements (end of Probation review presentation), Discipline of Paediatrics & Child Health research students must make the following **compulsory research presentations during their candidature:**

1. An annual presentation at the **Postgraduate Research Student Conference** on 14 August 2009. The venue is Rydges Parramatta. The Conference is **compulsory** for all students of the Discipline. Presentations are for approximately ten minutes with four minutes question time. Supervisors, associate supervisors and other members of the Discipline are strongly encouraged to attend the Conference.

And,

2. A **final presentation** (45mins presentation, 15 mins questions) at the end of candidature (3rd-4th year). This is arranged by the supervisor. The date of this presentation must be notified to the Postgraduate Co-ordinator and Postgraduate Research Student Administrative Officer (pgmail@chw.edu.au).

**Also:**

### **Biennial College of Health Sciences Research Conference**

All students are encouraged to attend the USyd Biennial College of Health Sciences Research Conference and present their work in the Conference's prescribed format. Students will not be required to present work during the first year of their candidature if the Conference is held that year but are required to attend and present at the next available meeting: November 2010 tbc.
